

The First Call For Papers

The 6th European Workshop on Visual Information Processing (**EUVIP**) will take place in Marseille, France, **25 - 27 October 2016**. The focus of the **EUVIP** series of workshops is on visual information processing, modelling, and analysis inspired by human and biological visual systems, with applications to image and video processing and communications. The aim of **EUVIP2016** is to provide a friendly and supportive environment for rich scientific exchange of ideas between researchers and industry practitioners. The conference program will feature oral and poster presentations, tutorials, and plenary sessions. Topics of interest to **EUVIP2016** include, but are not limited to:

- ✓ Image and Video coding, Restoration, Enhancement and Super-Resolution
- ✓ Video Processing and Analytics
- ✓ Biometrics, Forensics, Image and Video content protection
- ✓ Depth map, 3D, Multi-view encoding
- ✓ Visual quality and Quality of experience assessment
- ✓ Computational vision models and Perceptual-based processing
- ✓ Color image understanding and Processing
- ✓ Sparse and Redundant visual data representation
- ✓ Image and Video data fusion
- ✓ Image and Video communication in the cloud
- ✓ Visual substitution for blind and Visually impaired
- ✓ Display and Quantization of visual signals

Special attention will be devoted to student contributions in **EUVIP2016**. Regular student papers, for which the first author is a student, will be considered for best student paper award.

Paper Submission

Regular paper: Prospective authors are invited to submit full-length papers, with 4-6 pages of technical content, figures and references, through the conference website: www.euvips.org

All regular submissions will be fully refereed, and accepted papers will be presented in a technical session (oral or poster). Regular papers presented at the conference will be included in the conference proceedings and published in IEEEXplore.
