

# 4th Workshop: IoT platforms for indoor air quality study

---

*In the context of ANR MRSEI SSP-IQA project*

**Sustainable, Secure, and Privacy-Preserving IoT framework for Air Quality**

**Organized by:**

**Gladys Diaz - L2TI (USPN)**

Université Sorbonne Paris Nord (USPN), Villetaneuse, France  
June 3, 4 and 5, 2026

## List of participants

### France

- Université Sorbonne Paris Nord (USPN) :
- L2TI : Laboratoire de Traitement et Transport de l'Information
- LSPM: Laboratoire des Sciences des Procédés et des Matériaux
- ESME Sudria / UDST Qatar
- INRIA - SLICES-RI
- INRIA Saclay
- INRIA Center University of Lille
- AirPARIF
- EDF

### Mexico

- Universidad Autonoma San Luis Potosi (UASLP)
- Universidad de Guadalajara (UdG)

### Italy

- Università degli studi dell'Insubria – INSUBRIA

### Lithuania

- Kauno kolegija Higher Education Institution – KK HEI

### Finland

- Tampere University of Applied Sciences - TAMK
- Tampere University - TAU

### Albania

- Tirana University – UT
